

**MSAD #28 POLICY****STUDENT COMPUTER and INTERNET USE RULES**

These rules implement Board policy IJNDB (Student Computer and Internet Use). Each student is responsible for his/her actions and activities involving school district computers, networks and Internet services, and for his/her computer files, passwords and accounts. The rules are intended to provide general guidelines and examples of prohibited uses, but do not attempt to state all required or prohibited activities by users. Failure to comply with Board policy IJNDB and these rules may result in loss of computer and Internet access privileges, disciplinary action and/or legal action. Students, parents and school staff who have questions about whether a particular activity is prohibited are encouraged to contact a building administrator or the Technology Coordinator. These rules apply to all school computers and all school-provided devices wherever used, and all uses of school servers, Internet access and networks regardless of how they are accessed.

**Consequences for Violation of Computer Use Policy and Rules**

Such violations may also result in disciplinary action, referral to law enforcement and/or legal action.

The building principal shall have the final authority to decide whether a student's privileges will be limited, suspended or revoked based upon the circumstances of the particular case, the student's prior disciplinary record and any other pertinent factors.
